RESEARCH INTERESTS	Modeling and algorithm design for supply chain and revenue management using optimization and machine learning	
EDUCATION	University of California, Berkeley	<i>08/2021 – Current</i>
	Ph.D. Candidate in Industrial Engineering and Operations Research	
	Minor in Statistics & Algorithm Design	
	Advisors: Zuo-Jun Max Shen & Rajan Udwan	
	Tsinghua University	<i>08/2016 – 06/2021</i>
EDUCATION	B.E. in Industrial Engineering	
	University of Wisconsin-Madison	<i>08/2019 – 12/2019</i>
	Exchange student in the Department of Industrial and Systems Engineering	
INDUSTRY EXPERIENCE	Amazon, Seattle, WA	<i>05/2024 – 08/2024</i>
HONORS & AWARDS	Honorable mention, POMS-HK Best Student Paper Competition	<i>2025</i>
	Winner, INFORMS Daniel H. Wagner Prize	<i>2024</i>
	Finalist, INFORMS RMP Jeff McGill Best Student Paper Award	<i>2024</i>
	IEOR Ph.D. First-year Fellowship	<i>2021–2022</i>
	Finalist, INFORMS Undergraduate Operations Research Prize	<i>2021</i>
PREPRINTS & PUBLICATIONS		
	[1] “A Markovian Approach for Cross-Category Complementarity in Choice Modeling”, with Omar El Housni and Rajan Udwan. Submitted to <i>Management Science</i> [link]	
	[2] “A Unified Algorithmic Framework for Dynamic Assortment Optimization under MNL Choice”, with Rajan Udwan and Zuo-Jun Max Shen. Major revision at <i>Operations Research</i> [link]	
	• <i>Proceedings of the 26th ACM Conference on Economics and Computation</i> [link]	
	• Finalist, 2024 INFORMS RMP Jeff McGill Student Paper Award	
PREPRINTS & PUBLICATIONS	• Honorable Mention, 2025 POMS-HK Best Student Paper Competition	
	[3] “JD.com Improves Fulfillment Efficiency with Data-driven Integrated Assortment Planning and Inventory Allocation”, with Zuo-Jun Max Shen, Yongzhi Qi, Hao Hu, Ningxuan Kang, Jianshen Zhang, Xin Wang, Xiaoming Lin. <i>INFORMS Journal on Applied Analytics</i> , 2025 [link]	
	• Winner of the 2024 INFORMS Daniel H. Wagner Prize [link]	
	[4] “Online MDP with Prototypes Information: A Robust Adaptive Approach”, with Meng Qi and Zuo-Jun Max Shen. <i>Proceedings of the Thirty-Ninth AAAI Conference on Artificial Intelligence</i> , 2025 [link]	
	[5] “Robust Home Healthcare Districting and Workforce Management with Crowdsourced Caregivers”, with Mingda Liu, Xiaolei Xie, and Zuo-Jun Max Shen. Submitted to <i>Production and Operations Management</i>	
TEACHING	Graduate Student Instructor, Economics of Supply Chains	2023 Spring, 2025 Spring
	Graduate Student Instructor, Supply Chain & Logistics Management	2024 Spring
	Graduate Student Instructor, Optimization Analytics	2022 Fall, 2023 Fall

SERVICES	Reviewer for Management Science, Operations Research, Manufacturing and Service Operations Management, MSOM SIG Session Chair for INFORMS RMP 2024, INFORMS APS 2025, INFORMS Annual Meeting 2025 (scheduled)								
CONFERENCE TALKS	“A Markovian Approach for Cross-Category Complementarity in Choice Modeling” • INFORMS RMP 2025, INFORMS Annual Meeting 2025 (scheduled) “A Unified Algorithmic Framework for Dynamic Assortment Optimization under MNL Choice” • INFORMS Annual Meeting 2023, INFORMS RMP 2024, POMS-HK 2025, INFORMS APS 2025, Purdue Supply Chain and Operations Management Conference 2025 “JD.com Improves Fulfillment Efficiency with Data-driven Integrated Assortment Planning and Inventory Allocation” • INFORMS Analytics 2025 (award session) “Online MDP with Prototypes Information: A Robust Adaptive Approach” • ISMP 2024, AAAI 2025 (poster presentation)								
OTHER EXPERIENCE	<table> <tr> <td>Member, Berkeley IEOR Grad Student Services Leadership Group</td><td><i>2024, 2025</i></td></tr> <tr> <td>Panelist, Berkeley IEOR Ph.D. Visiting Day</td><td><i>2023, 2024</i></td></tr> <tr> <td>Mentor for new Ph.D. students, Berkeley IEOR</td><td><i>2023</i></td></tr> <tr> <td>Panelist, Berkeley IEOR PhD Orientation Day</td><td><i>2022</i></td></tr> </table>	Member, Berkeley IEOR Grad Student Services Leadership Group	<i>2024, 2025</i>	Panelist, Berkeley IEOR Ph.D. Visiting Day	<i>2023, 2024</i>	Mentor for new Ph.D. students, Berkeley IEOR	<i>2023</i>	Panelist, Berkeley IEOR PhD Orientation Day	<i>2022</i>
Member, Berkeley IEOR Grad Student Services Leadership Group	<i>2024, 2025</i>								
Panelist, Berkeley IEOR Ph.D. Visiting Day	<i>2023, 2024</i>								
Mentor for new Ph.D. students, Berkeley IEOR	<i>2023</i>								
Panelist, Berkeley IEOR PhD Orientation Day	<i>2022</i>
